Dear colleagues,

You're welcome to the **6th international Thessaloniki Revision Course in Ophthalmology** on September 26-28 2025, in Thessaloniki. This is a biennial meeting which has evolved to become one of largest revision courses worldwide, attracting both native and international delegates. The majority of lectures are given by Moorfields consultants and top world's experts who cover all aspects of ophthalmology and elaborate on recent advances.

The meeting is designed to deliver highly educative and cutting-edge talks, superior video presentations and a spirit of collegiality to engage faculty and delegates with each other through interactive sessions, workshops as well as social events.

The program has been structured to the main session giving the opportunity to the participants to gain knowledge in depth in special fields of ophthalmology.

With best regards,

On behalf of the organizing committee

Paris Tranos
